

The three diagrams illustrate the physical components of the 1000 Series Rack Mountable UPS:

- Front View:** Shows the external appearance of the unit, including the top handle, a yellow warning label, and the '1000' model number in red.
- Internal View:** Shows the internal components, including the main power converter (red), the battery bank (blue and green), and the control panel (red).
- Bottom View:** Shows the base of the unit, highlighting the four mounting feet (blue) and the internal structural frame (cyan).
